

## PRESENTATION SHEET

In 2010 SAAH opened its doors in Durban offering training for Professional Health Care Assistants. Many students have qualified since then and are now working in hospitals around the country. Others, are now training as Professional nurses.

The training material has been developed by a team of dedicated and committed professional nurses and university academics.

All lectures are presented by a team of fully trained, highly skilled professionals in the various fields of expertise.

After completion of the course, you will receive a Professional Health Care Assistant Certificate.

## DURATION OF OUR HEALTH CARE ASSISTANT COURSE:

### THREE MONTHS, FULL-TIME ONLY.

- 1<sup>st</sup> Month: Theory & Practical Training. (Approximately 80 hours)
- 2<sup>nd</sup> Month & 3<sup>rd</sup> Month: Practical Training. (Approximately 320 hours).  
You will be placed for Practical Training at Designated Venues, gaining Professional Experience under the Supervision of Qualified Professionals in Health Care Industries such as Professional Nurses.
- 1 Month - Frail Care Centre (160 Hours)  
1 Month - Private Hospital (160 Hours)
- **Practical Training Placements will be Determined by the SAAH College.**

## EVALUATION PROCESS:

- Three formative assessments will be written during the first month of theoretical training.
- At the end of theoretical training, a summative assessment based on the same format as a final summative examination will be written. A minimum of 50% needs to be obtained for this examination in order to be placed for the practical training period.
- Should the student fail, he/she may write a supplementary examination once only. Should the student fail to pass the supplementary examination, the student will need to pay R2625.00 to repeat theoretical training again.

## FINAL EXAMINATION:

- On completion of the three-month training period, a national final summative assessment examination will be written.
- 50% is required to pass this final evaluation.
- Should the student fail, he/she may write a supplementary examination once only. Should the student fail to pass the supplementary examination, the student will need to pay R1500.00 to rewrite.
- Final summative assessment examination results will be available within 21 days after having written the examination. It will be marked by the local tutor and be moderated by a professional nurse who oversees the quality control of the South African Academy of Health.
- A formal letter of recommendation will then be issued to each successful candidate. This will serve as proof that he/she has qualified as a Health Care Assistant.
- After successful completion of the course you will be able to:
  - Attend to patients' basic needs in a professional manner.
  - Understand professional and ethical codes.
  - Understand the scope/role of the Health Care Assistant.
  - Maintain and promote the health of the patients.
  - Prevent accidents and be knowledgeable about emergencies.
  - Promote communication with the patients.
  - Contribute to the care of the terminally ill.
  - Understand the causes of certain diseases and possible prevention.
  - Awareness of safety aspects.
  - Help with maintaining physical comfort, rest and sleep.
  - Help with maintaining hygiene.
  - Baby and child care.

## SELECTION CRITERIA:

- Sincere passion and the touch of loving hands to those in need of compassionate care.
- Minimum of Grade 10 (STD 8).
- Fluent in English (need to be able to read, speak and understand very well).
